
[Stakeholder Dialogue on Article 17 of Copyright Directive](#)

As required by Article 17 of the Directive on Copyright in the Digital Single Market (EU 2019/790) on the use of protected content by online content-sharing service providers, the European Commission will organise a stakeholder dialogue to discuss best practices for cooperation between online content-sharing service providers and rightholders.

The objective of the dialogue will be to hear stakeholders' views and to discuss possible practical solutions for the application of Article 17, including actions to be taken by online content-sharing service providers with regard to unauthorised content, taking into account the interests of all relevant

parties and the safeguards for users. The outcome of the discussions will feed into the preparation of the Commission's guidance on the application of Article 17, referred to in the Directive.

The Commission will hold the first meeting of the stakeholder dialogue on 15 October, in Brussels.
