Meet the experts and gain insights: This webinar is dedicated to all entrepreneurs and advisors working with high-growth technology businesses that rely on IP for their success.

Join this upcoming LES-EPO webinar on 8 July 2020 to see

- **Bowman Heiden** share insights on technology push and market pull and explain how to bridge the gap between brilliant solutions and actual problems
- **Juergen Graner** present an array of possibilities – beyond licensing – for successful transactions powered by intellectual assets
- **Yann Ménière** shed light on successful SMEs based on the SME scoreboard study
- **Thomas Bereuter** describe how to recognise people as enablers for driving growth

The brief addresses will be followed by a Q&A session.

Access to the webinar and the special edition of les Nouvelles are all free of charge!
