
[“Handbook on Resources for Teaching IP Law in the Western Balkans and Turkey”](#)

A handbook on teaching IP Law in the Western Balkans and Turkey has been published. This book was prepared by Professor Michael Blakeney in the context of the Regional Programme on Industrial and Intellectual Property Rights in the Western Balkans and Turkey. The book is available for download [here](#).

This handbook not only discusses the importance of teaching IP Law, but also identifies relevant online resources and information services, many of them freely available for all people interested in IP Law.
