

[European IPR HD at the Innovative Training Networks \(ITN\) Coordinators Info Day](#)

232 participants (coordinators and project/financial managers) from 147 ITN projects participated in the full-day event, as well as representatives from [National Contact Points](#) and the European Commission.

The Coordinators' Info Day was a unique opportunity for coordinators not only to familiarise themselves with the rules and procedures of the ITN action, but also to meet the Project Officers in person and discuss the details for the implementation of their projects. Participants came from 22 countries and included representatives from 9 National Contact Points and 146 organisations.

Have a look at the full programme [here](#).

The [MSCA ITN scheme](#) supports competitively selected joint research training and/or doctoral programmes, implemented by partnerships of universities, research institutions, research infrastructures, businesses, SMEs, and other socio-economic actors from different countries across Europe and beyond. The current call to train early-stage researchers is [open until 15 January 2019](#).
