

## [Final set of translations for our IP Guides and IPR Charts](#)

With the translations of our lately-realised IPR Chart on "Community Plant Variety Protection", and our last IP Guide on "Trade mark and design searches", we have, thus, completed our translation work for this year.

Now, you can find the German (DE), Spanish (ES), French (FR), Italian (IT) and Polish (PL) versions of all our [IP Guides](#) and [IPR Charts](#) in our on-line Library.
