
[Tecniospring INDUSTRY Programme: 1st call for proposals now open!](#)

ACCIÓ (the Catalan Agency for Business Competitiveness) has opened the 1st call of [Tecniospring INDUSTRY programme](#) which will run until **30 September 2019**.

This international talent programme provides 100% financial support for companies and technology centres to hire experienced researchers to develop 2-year applied research projects. Its major objectives are to boost technology transfer processes and help foster collaborations with R&D entities worldwide.

There are two main options:

- **Incoming:** 2-year contract in a Catalan company or a TECNIO entity
- **Outgoing + return:** 1-year contract in an international tech-based company or R&D centre (located outside Spain), and 1-year contract in a Catalan company or a TECNIO entity afterwards.

The financial support is divided into salary, research and mobility costs.

If you need any further information, do not hesitate to contact tecniospring.accio@gencat.cat
